+351 918369801 | joao.coelho@anthro.ox.ac.uk

Current research interests: paleoecology, machine learning applications to biological anthropology, hominin origins, geospatial palaeontology, geometric morphometrics, evolution of bipedalism

Professional interests: mentoring and training, science content for the public, virtual learning experiences, 3D-modelling and 3D-printing, digitalization of museum collections

Education and Training

- 2017-2024** **DPhil in Evolutionary Anthropology** – University of Oxford (United Kingdom)
Project: From satellite pixels to fossil apes: targeting gaps in the hominid fossil record
Supervisors: Prof. Susana Carvalho (University of Oxford) and Prof. Robert L. Anemone (The University of North Carolina at Greensboro)
- 2013-2015** **Master's Degree in Human Evolution and Biology** – Universidade de Coimbra (Portugal)
Dissertation: Unwarping Heated Bones: a quantitative analysis of heat-induced skeletal deformations using 3D geometric morphometrics
Supervisors: Dr. David Gonçalves and Prof. Eugénia Cunha (Universidade de Coimbra)
- 2012-2013** **Erasmus programme** – Háskóli Íslands (Iceland)
- 2010-2013** **Graduation in Anthropology** – Universidade de Coimbra (Portugal)

Work Experience

- March 2024 – Current** Paleontology Manager | **Science Department, Gorongosa National Park**, Mozambique
- Lead fieldwork and conduct research for paleontology and primatology projects.
 - Identify funding opportunities and develop grant proposals to support research initiatives.
 - Manage collections and train staff to optimize the Paleontology Lab's operations.
- 2018-2024** Field School Instructor | **PaleoPrimate Project Gorongosa**, Mozambique
- (during summer breaks)
- Experience with laboratory and database management, photography, 3D photogrammetry, fossil curation, anatomy and taxonomy.
 - Co-directed a paleontological excavation (GPL-12-E in 2022, GPL-12-W in 2023).
 - Primatology (bipedalism and carnivory) and Taphonomy (carcasses monitoring) data collection for the 'Bones of Predation' project (2021).
 - Surveying team leader (in 2018 and 2019).
- 2017-2024** Graduate Student and DPhil Candidate | **PrimoBevoLab, Institute of Human Sciences**, Oxford
- Researcher at the *Primate Models for Behavioural Evolution Lab*, University of Oxford.
 - Co-organized an international conference, and created its website - EFP/PSGB2019.
 - Data collection at Nairobi National Museum, Kenya and Oxford's Natural History Museum.
 - Led the *Miocene Apes and the Origins of Bipedalism* Seminar for the MSc Cognitive and Evolutionary Anthropology (cohorts of 2022 and 2023).
 - Tutorial's instructor (on genetics and molecular clocks).
 - Teaching (undergrad students in archaeology and anthropology BSc from Oxford).
- 2016-2017** Co-founder, webmaster and R instructor | **JEST - Junior Enterprise for Science and Tech**, PT
- data modelling and visualization for life and health sciences
 - I co-founded JEST - Junior Enterprise for Science and Tech @ University of Coimbra.
 - Head designer and webmaster of the original project (jest.pt).
 - Organized workshops and conferences on data science, and programming (R and Python).
 - Instructor for several R workshops (intro, data viz, modelling, AI, ML, shiny, etc.).
- 2015-** Researcher | **Centre for Functional Ecology**, Coimbra (Portugal)
- Collaborator at the 'Forensic Anthropology and Paleobiology' group – cfe.uc.pt.

- 3D scanning expert and curator of the CEIXXI Digital Museum (see sketchfab.com/lfa).
- Webmaster and Web Designer at 'Laboratory of Forensic Anthropology' – lfa.uc.pt.
- Statistical shape analysis (geometric morphometrics) of osteological material.
- Public communication and workshops, science communication.

2013-

Founder, software developer, designer | **Osteomics** (startup venture)

I develop and maintain Osteomics—a web platform offering free software tools for bioanthropologists. We provide consulting on statistical analysis and app development for scientific projects in forensic anthropology and human evolution.

- Lead Designer
- Web App Developer
- R and Shiny statistical products
- 3D Printing and 3D Scanning services

Fieldwork Experience (39 weeks total)

2024 (6 weeks)	Gorongosa, Mozambique – Associate Director for the Gorongosa Interdisciplinary Field School in Human Evolution, and Organizer of the November Geological Expedition.
2023 (4 weeks)	Gorongosa, Mozambique – Instructor at the Oxford-Gorongosa Paleo-Primate Field School (University of Oxford) + Excavation co-direction + Lab work (taxonomy).
2022 (6 weeks)	Gorongosa, Mozambique – Co-directed a paleontological excavation + Instructor of the Evolution module at the Master's in Conservation Biology + Lab work (taxonomy).
2021 (9 weeks)	Gorongosa, Mozambique – Collected data on a primatology (bipedalism) and a taphonomy (predation to fossilization) project as a member of PaleoPrimate Project Gorongosa.
2019 (4 weeks)	Gorongosa, Mozambique – Instructor at the Oxford-Gorongosa Paleo-Primate Field School (University of Oxford); PhD research at Gorongosa National Park.
2019 (6 weeks)	East Turkana, Kenya – Graduate Assistant at the Koobi Fora Field School (George Washington University); member of the Paleoecology research group at Koobi Fora.
2018 (4 weeks)	Gorongosa, Mozambique – Instructor at the Oxford-Gorongosa Paleo-Primate Field School (University of Oxford); PhD research at Gorongosa National Park.

Honours and Awards

2020/21	The Boise Trust Fund Research Award – Department of Zoology, University of Oxford
2020	Best Poster Prize - Primate Society of Great Britain - Winter meeting 2020
2018	The Boise Trust Fund Research Award – Department of Zoology, University of Oxford
2017	The Boise Trust Fund Research Award – Department of Zoology, University of Oxford
2017-2021	PhD Scholarship SFRH/BD/122306/2016 – <i>Fundação para a Ciência e a Tecnologia</i> , Portugal
2014	Finalist: "Best Business Plan" for Osteomics – <i>Arrisca C</i> 2014, Universidade de Coimbra
2013-2014	Grant recipient for a biotech startup – <i>Passaporte para o Empreendedorismo</i> , IAPMEI
2013	Finalist: "Best Business Idea" for Osteomics – <i>Arrisca C</i> 2013, Universidade de Coimbra
2012-2013	Scholarship: LLP/Erasmus Programme – <i>Háskóli Íslands</i> (University of Iceland)
